

# Lompoc

## Public Information Meeting Purisima Road Improvement Project Wednesday, April 22, 2009 5:30 p.m. to 7:30 p.m.

Lompoc City Hall Council Chambers  
100 Civic Center Plaza  
Lompoc, California

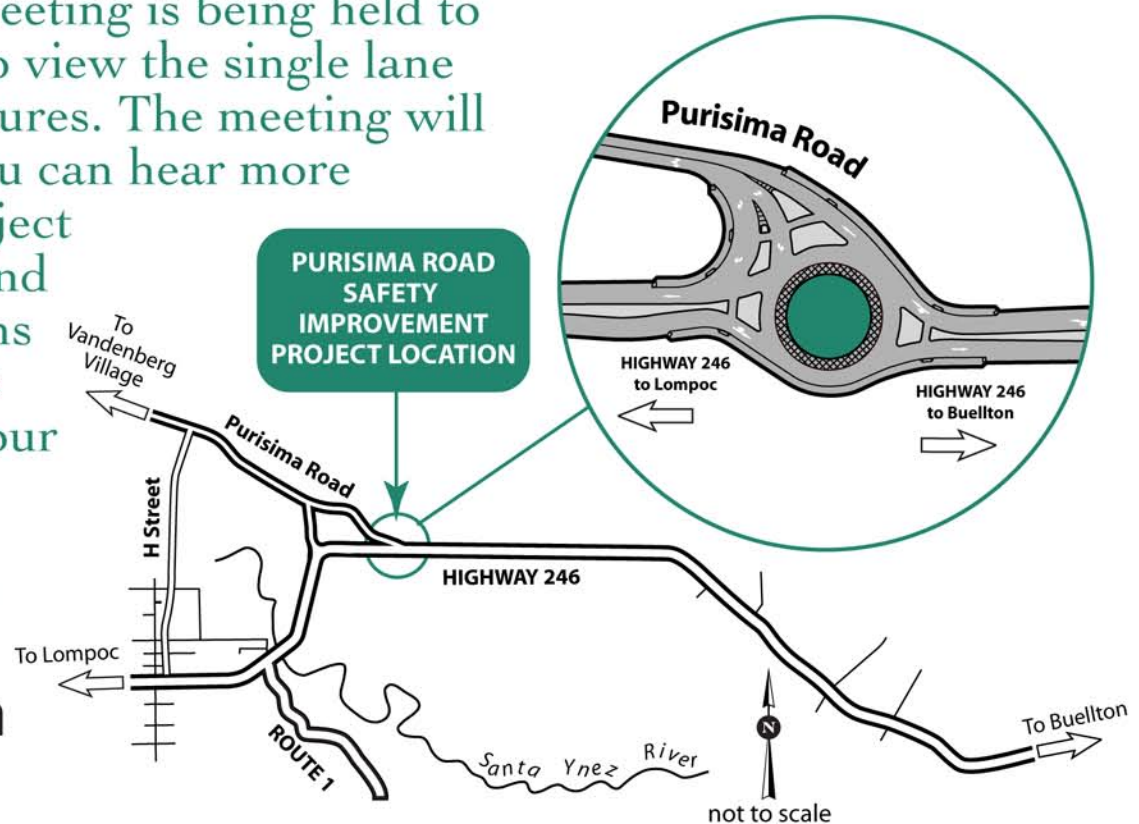

### PROJECT DESCRIPTION

Caltrans (California Department of Transportation) is proposing a safety project for the intersection of Purisima Road and State Highway 246. After considering both a roundabout and signalized intersection, Caltrans identified safety as the top priority and will move forward with a single lane roundabout design.

### WHY THIS NOTICE

This public information meeting is being held to give you an opportunity to view the single lane roundabout proposed features. The meeting will provide a forum where you can hear more information about the project and express your verbal and written comments/concerns to Caltrans staff about the effects of the project on your local community.

**This meeting will be an  
open house format  
with a brief presentation  
at 6:00 p.m.**

### QUESTIONS?

For more information please call: Matt Fowler at (805) 542-4603
